Michele Fara specializes in dispute resolution, maritime & transport law and commercial agreements. He has extensive experience of both international and domestic arbitrations and civil proceedings, particularly concerning complex contractual disputes. Furthermore, Michele is head of the firm's maritime and transport law group and is regularly engaged by clients in the transport and logistics sector, industrial companies and insurers, for essentially all kinds of matters within shipping and transportation. He also assists clients within the energy sector in several major projects concerning new energy and climate change mitigation.
